

# DEIR WORKSHOP

**Hosted by Prof. Paul Walton and Prof. Alison Fout**

Plenary presenter Paul Walton from York University (UK) (<https://www.york.ac.uk/chemistry/people/pwalton/>) together with Prof. Alison Fout from Texas A&M University (<https://www.chem.tamu.edu/faculty/alison-fout/>) will host a workshop on DEIR issues.

One of Prof. Walton's sessions on Gender inequity is available on You-tube: <https://www.youtube.com/watch?v=ThYZIPrrWBo>

The activity will allow you to interact personally with Profs. Fout and Walton and explore some of the data behind gender inequity in academia and what might be done about it.

Prof. Walton will be giving the Plenary Presentation Thursday Aug. 1 entitled "Gender equity in academia" and the team also organized a session Wednesday entitled "Coordination Compounds: Catalysis and Computations" and will present scientific presentations throughout the week of the ICC45 conference.
